

Inside Out Home Learning!

This term, our topic is still Inside Out. I recommend that each week you should choose at least one activity to complete and hand in on Tuesdays- **this works out as 6 each half term**. The activities suggested below will last for this half term - tick them off as you complete them. You can choose any activities you like – they do not have to be done in a particular order. Be as creative as you like with your learning.

Your child will still need to complete Maths Abacus/Active Learn paper-based activities and online each week, plus continue learning their weekly spellings and read daily (15 min).

Writing	Say Cheese! Last half term, we learnt about teeth. Write a set of instructions on how to brush your teeth.	Adventure Write a short story about one of the Pagan gods. You should try and include a dilemma and resolution.	Amazing Anglo Saxons Next term, we will be looking at recounts. To prepare, write about everything you have learnt in our Inside Out topic. I learnt about…
Research	Anglo Saxon words Create your own street sign, either for an Anglo Saxon place or for somewhere local in Harlow but using the Anglo Saxon alphabet.	Teeth We have been learning about the teeth that humans have. Research the types of teeth a certain animal has, e.g. a dog. Can you draw a diagram and label the types of teeth. How are they different to ours? Why do you think this might be so?	Christian Places Research Canterbury, Lindisfarne or Iona. Create a leaflet about the history of the place and things of interest such as religious buildings.
Creative	Roundhouse Design or build your own Anglo Saxon roundhouse. You could make a model or build one in the garden.	Cathedral Design your own stained glass window for Canterbury Cathedral. You could try and include images of Saint Augustus who built the original church on the site.	Jewellery Make or design your own piece of Anglo Saxon jewellery, such as a necklace, bracelet or ring. You could use beads and string.
